# Vendespilsbrikker med farver

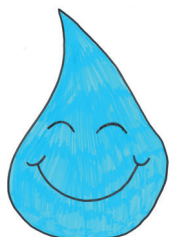

Her finder du de vendespilsbrikker med farver, som du kan vælge at anvende i stedet for vendespilsbrikkerne uden farve i **Aktivitet 2**. Lad eleverne klippe dem ud og spille vendespillet med dem. Der er i alt 16 forskellige figurer, 4 på hvert A4-ark. Du kan vælge kun at bruge de 8 første brikker eller alle 16. Ligeledes er der lavet brikker med de forskellige figurers navne på, så man i stedet for at skulle matche to identiske figurer, nu kan matche med en figur og det dertilhørende navn.
