

# CAREER IN KALUNDBORG

**Career Fair on 14th May 2025 from 2pm - 5pm**

Are you ready to take the next step in your career? A step where you can make a real difference?

In the last three years more than 100 new job opportunities were created each month, so we need you too!

Join us at the Career Fair in Kalundborg and discover where the next step can take you.

# CAREER IN KALUNDBORG

Kalundborg's historic growth isn't showing any signs of slowing down. Established industrial plants are expanding and new companies are setting up shop here. Our city is home to the world's largest insulin production plant, the world's largest enzyme production plant, the world leading industrial symbiosis and several C25 companies. But that's not all; there's also many smaller companies and startups, a lively education hub and a unique community, working together to improve our local environment.

Following last year's big success, we welcome you once again to the Career Fair in Kalundborg. Come and meet the local companies and take the next step towards your career in Kalundborg. Learn more about the available positions at the fair, and who knows, maybe your specific skills can open new opportunities with the companies.

Last year's fair included companies such as Novo Nordisk, Novonesis, NOV, Kalundborg Utility, NNE, Multi-Tech, Avista Green, Unibio and many others. This year, we are expanding the fair to include even more companies, from a large array of industries.

Read about the companies and register on [kalundborg.dk/careerfair](https://kalundborg.dk/careerfair)
